Re: 21 U.S.C. Section 343(r)(6), Notification of Statements on Dietary Supplements

Dear Sir/Madam:

I hereby notify the Food and Drug Administration ("FDA") of the use of statements of nutritional support in the labeling of Feverfew, 4% Parthenolides, Caps, a dietary supplement.

Statements being made in the labeling of Feverfew, 4% Parthenolides, 30 mg Caps

(1) Feverfew (*Tanacetum parthenium*) is an herb native the Southwest Europe and its use dates back to ancient Greece. Recent studies have validated the efficacy of Feverfew for the relief of occasional headaches. In addition, significant scientific evidence indicates that Feverfew may help to support healthy cardiovascular and immune function. NOW Feverfew contains 4% Parthenolides, which are considered to be the bioactive constituents of the herb.

To the best of my knowledge, and based upon information and belief present at the time of the executing of this notice, I certify that the above information is accurate and complete. NOW Foods possesses substantiation that the statements are truthful and not misleading.
